

**ST. CLAIR COUNTY PRETRIAL DIVERSION PROGRAM**

**TO:**                    Complainants/Victims                    **Defendant:** \_\_\_\_\_  
**FROM:**                St. Clair County District Attorney             **Case No.:** \_\_\_\_\_  
**RE:**                    Pretrial Diversion Recommendation         **Division:** \_\_\_\_\_

---

Governor Bob Riley signed into law ACT 09-649 that is commonly referred to as the Pretrial Diversion Program for the 30<sup>th</sup> Judicial Circuit, St. Clair County, on May 21, 2009. The program is under the supervision and control of the Office of the District Attorney.

The purpose of the program is to allow first time non-violent offenders an opportunity not to have a criminal conviction while recognizing their obligations to their victims, the community, and themselves. Deferred Prosecution is not a right, it is a privilege. Requirements include payment of restitution **in full**, employment and educational achievements, community service, alcohol, drug testing and/or treatment as well as other conditions imposed by the Office of the District Attorney or the Court.

The Office of the District Attorney in making a decision on applications into the program needs your recommendation and input with regard to your case. Please check the appropriate box below and feel free to add comments.

As the Complainant/Victim in the above styled case, I recommend the following:

Allow the Defendant to participate in the Pretrial Diversion Program.

Do not allow the Defendant to participate in the Pretrial Diversion Program.
